ABOUT ME

I am an IT student at Polytechnic of Leiria, currently studying Software Engineering after finishing a 2 year CTESP in programming. I have some experience with developing apps in C, using .NET Framework, web development (Front-End and Back-End) using HTML5, CSS, JavaScript and PHP (Yii2 Framework). I also took some online courses in Unity 3D, the basics of Swift/SwiftUI, Cypress, using Git as a source control, React integrated with a C# API and currently I'm studying by myself how to develop API's using Golang.

Game Development

Unity 3D.

Databases

MySQL | MariaDB

Programming Languages

C | C# | JavaScript | Java | PHP | Swift

Operating Systems

Windows | MacOS | Linux (Beginner) | iOS | Android

HOBBIES AND INTERESTS

Taking Online Courses

There's a few things I enjoy doing during my free time, but I'd say my favourite is to take some online courses in Udemy about things that fascinate me, such as video game development, iOS app development using Swift and SwiftUI and API building with .NET, to name a few.
